Trip Report - Dingo Beach Sun 16/11/14

Trip Leader – Neil Betham

Attendees – Jeff, Anthea , Don , Rosalie, Lidia , Rochelle, Tony , Jan, Alan , Robin and Todd.

Day started at the Gravel Pit departing at 9.10am.

Group proceeded to Dingo Beach for morning tea with a stop to air down before hitting the beach. Sand was soft but manageable with no vehicles getting stuck. The kids took advantage of the perfect weather and went for a swim.

We departed Dingo Beach around 11am and proceeded to tackle the exit one at a time with no issues. Next stop was just around the corner at Cosy Corner for a BBQ lunch. Tony had secured the BBQ for us and was kind enough to clean the plate before hand. Once again the kids hit the water and had to be dragged out to leave.

We all departed Cosy Corner at 1.15pm for a leisurely drive along the beach towards Mutton Bird Island , once again the beach was quite firm and made for a pleasant Sunday drive.

From Mutton Bird the group took the Windmill Track back to town with a brief stop at the lookout.

The weather held out and contributed to a great relaxed trip. Special Thanks to our trip leader Neil for keeping us all together.
