

REEF BEACH TRIP 13/08/2017+

Four cars assembled at Bakers Junction for an 8 a.m. start. Peter, Rachael, Tony, Alan, Trish, Don and Val left for the one and a half hour drive to the Reef Beach turn off on Bremer Bay Road. A short drive before letting our tyres down then the fun began.

A lot of rain had fallen prior which actually made the trip easier but there were quite a few puddles to drive through. Wildflowers were beginning to come out in flower. There were rocks and sand to transverse before morning tea at the fisherman's hut. The day was sunny and windy but pleasant. The sand dunes were vast and were blowing. We progressed along the beach stopping a few times to check out the drop offs. We used the chicken tracks mostly. Because of the low tide we managed to get right through to our lunch stop behind the sand hills.

We took the eastern track out which was rocky in one place and very narrow. We finally got to the top of the hill and stopped to take in a panoramic view of the farming land. We continued through the low land to the main road and pumped up our tyres.

It was then straight up the bitumen to Boxwood Hill for the customary icecream. Many thanks to Alan for leading the trip.
