

Albany Four Wheel Drive Club

Minimum essential equipment required for club trips

- **UHF channel 14**
- **TYRE PUMP**
- **TYRE PRESSURE GAUGE** (dial type is more accurate)
- **FIRE EXTINGUISHER** (dry powder)
- **BASIC FIRST AID KIT**
- **TOOL KIT** (to suit your vehicle)
- **JACK AND JACK PLATE**
- **STRONG RECOVERY POINTS** (front and rear)

- **UHF radios** are a necessary safety item when four wheel driving. It allows the trip leader to give instructions to the whole convoy plus remain in contact with everyone. It gives members contact with the trip leader and other members of the convoy. When using the radio allow suitable pause between transmissions so all can participant in the topic of conversation.
